Status of Negotiations ***Boyd Gaming Corporation v. Zitro IP S.ar.l.***

Discovery to date

Petitioner has outstanding written discovery to Registrant for which the parties have an agreement to extend deadlines pending their settlement discussions.

Dates on which the parties communicated, the method of communication and the general nature of communications

Counsel for the parties have been in regular communication by telephone and email. In the month of October, the parties's counsel communicated by email on October 4, 2016; October 13, 2016; October 14, 2016; October 20, 2016; October 21, 2016; and October 24, 2016. All of these discussions have been about specific terms in the parties' draft settlement agreement.

The issues that have been resolved, issues that remain and a proposed timetable for resolution

The parties have worked out and agreed to most material terms of the settlement. However, the agreement is not yet ready for the parties' signature, although counsel for the parties believes that the agreement will be final and ready for execution in the next couple of weeks.

Consequently, the parties respectfully request that the Board grant them an additional 30-day suspension to allow them time to finalize their settlement agreement.
